About The Practice:

Manor Park Dental Practice has been part of the local East London community for more than eight decades. Our practice has grown with generations of families, providing dependable dentistry with a strong focus on prevention, comfort and clear communication.

At Manor Park Dental Practice, patients can access a wide range of care under one roof, including routine check-ups, dental hygiene, fillings, crowns, bridges, dentures, root canal treatment, extractions, dental implants, Invisalign, composite bonding, whitening and support for nervous patients.

We also care for children, senior patients, expectant mothers and patients with additional needs, helping every patient feel welcome and supported.

We've created this treatment guide to showcase a selection of patient cases, giving you an insight into how each treatment can look and the results that may be achieved. For more examples, head to our Instagram dr.innani_dentist + green.street.dental

Gum disease treatment + Invisalign

Finance Options

Many patients delay dental treatment because of cost.

Our finance plans allow you to begin treatment immediately while spreading payments over time. Through our trusted finance partner Tabeo, you may be able to split the cost of your dental treatment into affordable monthly instalments with 0% interest, helping you achieve a healthier, more confident smile without financial pressure.

Basic requirements usually include:

- Must be 18 years or older
- UK resident
- Valid bank account
- Subject to lender approval

Our team will guide you through the process and answer any questions during your consultation.

FAQ'S

Do you offer NHS and Private dental care?

Yes. Manor Park Dental Practice provides NHS and private dental care. NHS availability may depend on appointment capacity and clinical need, while private options are available for patients who want additional choices, cosmetic treatments, or flexible treatment planning.

Where is Manor Park Dental located?

Manor Park Dental Practice is located at 620 Romford Road, London E12 5AQ. It's directly in front of the traffic lights, a blue door and walk up the stairs.

Can I spread my treatment costs, I can't afford to pay all at once?

0% finance is available on selected private treatments, subject to status and approval. We will explain the cost of treatment clearly before you begin and help you understand any finance options available.
